

Air international traffic in Middle East: Drivers and trends

Doha's dependency on transits

- ▶ Vast majority of air traffic passing by Doha uses it as a hub, with very little share of inbound or outbound flows
- ▶ People transiting in the country accounted 81% of the traffic growth seen from 2010

Air international traffic in Doha by category¹
(Million Pax; 2010-12)

Growth contribution by category (% of growth, 2010-12)

Notes: (1) "Transits" includes all those passengers that do not stay one night at destination
